DISCONTINUED

For over half a century, Butterfly has been the leading equipment producer of quality table tennis products worldwide. This commitment to quality has not been compromised when it comes to our impressive line of tables.

VARIETY

One stop table tennis shop

Butterfly's impressive line of tables include recreational tables, durable institutional tables, indoor/outdoor tables, and professional tables that meet the International Table Tennis Federation's strict guidelines for international competition.

SURFACE MATERIAL

Indoor Tables: High-Density Chipboard

All of our Butterfly indoor table tops are comprised of high-density chipboard. The core of the chipboard is tightly compressed while the exterior region of the top is compressed even greater. This process offers superior strength over the life of the table and is less prone to warping than tables made of MDF. Chipboard offers the most consistent and truest bounce of all surfaces used in table production.

Outdoor Tables: Melamine

Our three outdoor models are designed to be left outdoors; therefore, no wood is used in the production process. Both models feature a synthetic laminate top made of melamine. The melamine top is affixed to the table via a special adhesive which allows for natural temperature change during the year without compromising the surface. Melamine offers the best bounce of any material used for outdoor models.

MANUFACTURING

Not all tables are created equal

All of our Butterfly tables are designed, engineered and produced in Germany, the world leader in table manufacturing. German engineering at its finest: Volkswagen®, BMW®, Mercedes®, Butterfly® tables.

PACKAGING & SHIPPING

We've got you covered

Our tables are shipped and handled with utmost care from distribution centers on the east coast, west coast, and Canada. In addition to the bubble wrap, foam and surface protective film that most of our tables come equipped with, we incorporate our own additional packaging. We add reinforced cardboard to the sides and/or corners to most models and some tables will even arrive palletized to ensure your table arrives damage free. This total coverage approach will give you peace of mind as there will be a minimal chance of damage.

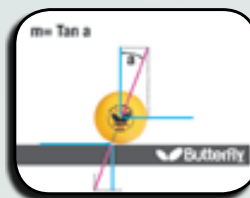

QUALITY CONTROL

Bounce Test

There are many different points that are tested and specific rebound requirements for the different classifications of tables. All Butterfly tables are thoroughly inspected on many different points including:

•Sliding friction coefficient

•Ball rebound

•Degree of gloss or glare

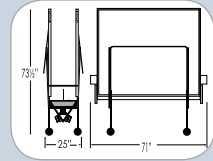

•Rotation effect

- Abrasion resistance
- And much more

TABLE FACTS

Dimensions: Measure your intended playing area before ordering a table. In the play position, the table measures 9' long by 5' wide. The net brackets will add approximately 1' to the width of the table. An additional 5' on each side of the table will allow a comfortable distance for play. Storage height will vary, be sure to check the product descriptions for more information.

It is also a good idea to measure all doorways, hallways and stairwells that the table may encounter prior to reaching its final destination.

Top – Simply put, the thicker the top, the better the bounce. Our indoor Wood Tops are made of compressed particle board while our outdoor tops are comprised of a synthetic laminate made of melamine. A Wood Top that is at least 1/2" thick is suitable for home or recreational play. Many institutional tables are 5/8" to 3/4" thick. Almost all professional quality tables are a minimum of 7/8" to 1" thick.

Rail – A heavy gauge steel rail will reinforce the structure of the table and provide additional support. It also serves a cosmetic purpose, adding to the beauty of your table.

Legs – Heavy gauge steel legs provide a solid foundation for your table. Round legs are sufficient, but square legs are more structurally sound.

Wheels – All of our tables have wheels. Most Institutional and Professional level tables offer a rubber ball bearing wheel system, providing for the smoothest rolling possible.

Net – All of our tables come with a net set. Our Home and Outdoor use tables offer a basic net. The Institutional and Professional level models are equipped with a higher quality cloth net which clamps directly to the table and features heavy duty brackets with padded clamps that help protect the surface of the table. These nets also offer a dual precision height adjuster.

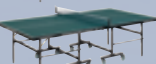

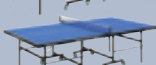

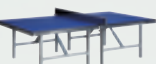

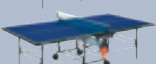

Playback Position – Most models allow you to fold up one half of the table and use it as a backboard. This will quicken reflexes and sharpen hand-eye coordination. A great feature for the kids.

Adjustable Feet – Many of our Institutional and

Professional level tables have adjustable feet. This will ensure that the table is level, even when the floor is not.

Accessory Holder – Some models feature a convenient accessory holder that is integrated into the frame of the table. It will accommodate multiple rackets and balls. This system also allows the net to remain attached to the table during play as well as in the storage position.

Approval – Our tables have been used at some of the most prestigious tournaments in the world, including the: 1997 World Championships, 1999 European Championships, 1997-2002 ITTF Pro Tour Grand Finals, 2001-2011 U.S. Open Championships and U.S. National Championships. In addition, Butterfly is the official table supplier and sponsor for the 2012, 2014, and 2016 World Championships.

- Official ball of the 2009, 2010, 2013 & 2015 World Championships
- ITTF approved; the highest rating a 3-Star ball can receive

Item #: White: B3W640C Orange: B3Y640C 6 pack

72ct. Bucket Item #: B3W72BU

Also available, but not pictured
144 Gross Pack
Item #: White: B3W40, Orange: B3Y40

ALCRANE BALL HOLDER

Item #:

Lime: 7410G

Rose: 7410RO

Red: 7410R

Black: 7410B

- Ball case will hold up to five 40mm or three 44mm balls
- Great for loose change and other small items
- Zipper pull and carabiner style hook
- Butterfly logo screen printed in silver

TRAINING BALL BUCKET

Item #: BTW72B

- 72 Standard Training Balls
- Comes in a vinyl bucket with zipper top
- Carrying handle
- Adjustable shoulder strap

TRAINING BALL

Item #: White: BTW40, Orange: BTY40

- Box of 144 balls
- Great for club play
- Ideal for training of all types
- Colors: Orange, White

LEAGUE SCORER

Item #: 8018

- Scoreboard stands upright inside the box top
- Includes time-out card
- Game score to 25
- Set score to 5
- Size: 18.5in x 11.8in x 1.2in

MINI SCORE BOARD II

Item #: 8050

- Extremely lightweight
- Foldable tabs allow scoreboard to stand upright
- Storage pouch on inside cover
- Game score to 20
- Set score to 5
- Size: 8.375" X 5.5"

NET HEIGHT MEASURE

Item #: 8209

- Measures net height
- Measures rubber thickness
- Sturdy hard plastic

TABLE COVER

Item #: TC1000

- Protect and prolong the life of your table
- Made of durable nylon
- Zippers allow you to cover the table during storage or play positions
- Nylon handle allows you to hang the cover during play
- Fits most tables
- Dimensions: L 60 1/2" x W 29 1/2" x H 59"

REPLACEMENT NET & POST

Item #: TN30

- Replacement for National League, Europa and Stallion net sets
- Metal post
- Pull chain
- Net and string

REPLACEMENT NET

Item #: TN30A

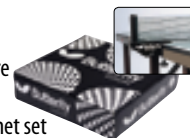

- Fits National League, Europa and Stallion net sets
- 72" Long

EUROPA NET SET

Item #: T32

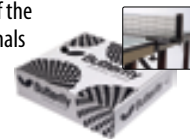

- The official net set of the US Open & US Nationals for more than a decade
- Our highest quality net set
- Felt covered clamps protect the table surface
- Ring chain to adjust net tension
- Adjustable screw located beneath the net post to calibrate the net
- Fits tables up to 1.5"

NATIONAL LEAGUE NET SET

Item #: T31

- The official net set of the US Open & US Nationals for more than a decade.
- High quality net set
- Felt covered clamps protect the table surface
- Ring chain to adjust net tension
- Adjustable screw located beneath the net post to calibrate the net
- Fits tables up to 1.75"

STALLION NET SET

Item #: T33

- Rubber felt padded brackets and clamps
- Fits tables up to 1.75"
- Includes net height measure
- Adjustable net tension

NEW PRODUCTS

BUTTERFLY

new

BALSA CARBO X5

Item #: CMR176F
Speed = 100
Spin = 95
Control = 80

- This high-tech racket made of Carbon fiber reinforced plies offers tremendous speed and spin.
- Compared to an all-wood racket, Carbon fiber offers increased speed and a larger sweet spot.
- Butterfly's Tenergy Family of rubber is the preferred choice by the top players in the world Tenergy 80-FX offers a great balance of high speed and heavy spin.
- This is the ideal racket for power play with great spin.

new

MAZE T-TEC

Item #: CMR185
Speed = 85
Spin = 100
Control = 90

- An extremely lightweight and highly durable blade due to its unique manufacturing process.
- The Maze T-Tec is medium speed and offers excellent control.
- The SpinArt rubber has an extremely tacky surface offering the most spin possible on every shot.
- The medium speed and high spin provides a combination of accuracy and deadly spin.
- The perfect racket for the spin oriented finesse player.

new

ANDRZEJ GRUBBA

Item #: CMR175F
Speed = 75
Spin = 80
Control = 100

- The Andrzej Grubba blade has been a long time best-seller.
- The most distinguishing feature of the blade is its high level of control Sriver-EL is an all-round rubber with a fine a blend of speed and spin.
- This racket can produce a wide variety of attacking shots with precise placement.
- The ultimate racket for controlled topspin play.

new

TIMO BOLL OFF-

Item #: CMR184
Speed = 90
Spin = 90
Control = 85

- The Timo Boll OFF - is a medium fast blade with nice feel and touch.
- The Tackfire-C Soft rubber has a sticky top sheet and offers great spin.
- The softer sponge layer will hold the ball a little longer offering a higher level of control.
- This is a great medium speed blade for the advanced, all-round attacking player.
- Good speed - Good spin - Good control.

new

Rubber sheets on both sides of the racket.

Thunder

2552 UPC: 0-43907-02552-3

- The Thunder offers a sandpaper surface, the staple of many recreational players
- Sandpaper will shorten the ball's normal lifespan and is not approved for tournament play
- Also available in bulk box of 100

Speed: 40 Spin: 30 Control: 100

Cyclone

2020 UPC: 0-43907-02020-7

- Old-school racket used by the great players in the 1940's
- The pips-out surface with no sponge layer is more commonly referred to as "hardbat", which offers sharp, crisp strokes
- The Cyclone is great for control play and long rallies
- Also available in a 2-player set, 4-player set and bulk box of 100

Speed: 60 Spin: 50 Control: 90

Vortex

25701 UPC: 0-43907-25701-6

- Same pips-out surface as the Cyclone, with an added sponge layer
- Ideal for the player making the transition from "hardbat" to a sponge racket
- Also available in a 2-player set and 4-player set

Speed: 80 Spin: 70 Control: 80

Blaze

2T1005 UPC: 0-043907-21005-9

- The Blaze has been revamped as a combination pips-in/pips-out racket.
- A great transition from the Vortex to the Tsunami.

Speed: 90 Spin: 85 Control: 75

Tsunami

2T1628 UPC: 0-43907-21628-0

- The Tsunami offers a more aggressive topsheet than that of the Blaze which will provide more spin

Speed: 100 Spin: 100 Control: 70

Quake

2T1630 UPC: 0-43907-21630-3

- The fastest and spinniest racket in the MK racket series
- The Quake offers a more responsive and thicker sponge layer than the Tsunami

Speed: 120 Spin: 110 Control: 65

Match Point Set

502 UPC: 0-43907-00502-0

- Our best selling Tsunami racket has been combined with our new MK Racket Case and three MK 3-Star balls
- Comes in a full clam shell. Makes a great gift for dad or the kids

Vortex Racket Sets

2-Player: 202 UPC: 0-43907-00202-9
4-Player: 402 UPC: 0-43907-09030-9

- Pips-out surface with a sponge rubber layer
 - Ideal for the player making the transition from "hardbat" to sponge
 - The pips-out surface will help reduce the amount of spin from your opponent
 - The sponge layer helps generate sufficient spin and better speed
 - Offers a softer feel at contact than the Cyclone.
- 2-Player includes two Vortex rackets & three MK 2-Star balls
• 4-Player includes four Vortex rackets & three MK 2-Star balls

Cyclone Racket Sets

2-Player: 201 UPC: 0-43907-00201-2
4-Player: 401 UPC: 0-43907-09029-3

- Old-school racket used by the great players in the 1940's
 - Great for control play and long rallies
 - Pips-out surface with no sponge layer, more commonly referred to as "hardbat"
 - A hardbat racket will offer sharp, crisp strokes
 - The pips-out surface provides a satisfactory amount of spin and helps reduce opponent's spin
- 2-Player includes two Cyclone rackets & three MK 1-Star balls
• 4-Player includes four Cyclone rackets & three MK 1-Star balls

Cyclone - Box of 100

020100 UPC: 0-43907-20020-3

- Ideal for institutional use
- Pips-out surface with no sponge, also known as "hardbat"
- Each racket is individually wrapped in a plastic bag

Thunder - Box of 100

552100 UPC: 0-43907-20552-9

- Ideal for institutions
- The staple of many recreational players
- Sandpaper will provide a minimal amount of spin
- Each racket is individually wrapped in a plastic bag

MK Racket Case

BMKB UPC: 0-43907-09138-2

- The MK Racket Case is our most affordable racket case
- Inside is an elastic band to secure your racket and a mesh zipper closure that's ideal for small items
- Padded front and back panels and a carrying strap.

Rubber Grip

G UPC: 0-43907-09049-1

- One big fat rubber band!
- Provides added comfort and additional thickness to the racket handle
- Can be ordered individually or by the thousands

REBIONG HEAD CASE

Item #:

- Butterfly logo is applied via heat applique
- Accessory pouch on inside back panel
- Zipper closure with carrying strap

B CASE

Item Parent #: BBLA

- Racket shaped case with zipper closure
- Padded front and back panels
- Fashioned with the classic Butterfly logo & "living table tennis"

For decades it has been documented from scientists, doctors and researchers all over the world, in which way negative ions have a positive effect on various environments and numerous human conditions. Purifying the air, preventing respiratory-related illnesses, counteracting the effects of smoking, anti-depression, improving sleep and preventing asthma and allergies are just a few of the remarkable effects. Many studies have also documented that negative air ionization improves memory and attention in learning disabled and mentally retarded children as well as the abilities of normal children.

Several years of research have made it possible to "charge" holograms with scale-frequencies and silicone with negative ions, and thereby made it possible to add energy-waves and electromagnetism in different products. In a Lasota energy band, you can experience natural extra energy, which our body already contains through our surroundings.

A Lasota energy band is made of silicone and contains 2 holograms. Both are charged to maximum capacity with 8 scale-frequencies and maximum load of negative ions.

Increased energy without drugs or powerdrinks!

SERIES:

L LINE:

- BLACK/RED
- BLACK/SKY
- BLACK/BLUE
- BLACK/BLACK

E LINE:

- BLACK/WHITE
- WHITE/PINK
- PURPLE
- GREEN
- BLUE

SIZES:

- XXS (5.7 inch or 14.5 cm)
- XS (6.3 inch or 16 cm)
- S (6.9 inch or 17.5 cm)
- M (7.5 inch or 19 cm)
- L (8.1 inch or 20.5 cm)
- XL (8.7 inch or 22 cm)

Additional Benefits:

1. Increased muscle control
2. Muscular speed
3. Coordination
4. Fine motor skills
5. Eye-hand coordination
6. Better flexibility and core balance
7. Increased muscle power
8. Enhanced responsiveness
